- Spirituality, religiosity and religion on public health policies: a look at Integrality. REFACS. 2015; 3(1):28-39.

### **César Henrique de Melo**

- Adult and youth education: profile of teachers and students in a public school. REFACS. 2015; 3(2):63-68.

### **Cíntia Aparecida Garcia.**

- Permanent education actions in brazilian public health: an integrative review. REFACS. 2015; 3(3): 194-205.

### **Cláudia Maria Simões Martinez**

- Comparative study of visuo motor and gross motor performance of preterm twins at school age. REFACS. 2015; 3(Supplement 1):126-133.

### **Clayton Cardoso Romano**

- Research internship in history: reporting the experience of scanning official documents. REFACS. 2015; 3(1):40-45.

### **Daniel Marinho Cezar da Cruz**

- Active learning methodologies: potential of reflective practice groups in the undergraduation of occupational therapists. REFACS. 2015; 3(Supplement 1):151-158.

- Machism, patriarchy, moral and the dissolution of occupational roles. REFACS. 2015; 3(Supplement 1):159-165.

### **Danielle Duarte Silva**

- Professional update for practice of health education with groups of elderly. REFACS. 2015; 3(2): 113-121.

### **Danielle Ferreira Mazetto**

- Isn't it annoying to learn! Contributions of occupational therapy in the school environment: case studies. REFACS. 2015; 3(Supplement 1):166-171.

### **Danielle Mendonça Araujo**

- Profile of patients pediatrics sampled at the multiprofessional residency in an university hospital. REFACS. 2015; 3(3):221-227.

### **Darlene Mara dos Santos Tavares**

- Use of dental prosthesis among elderly: a social problem. REFACS. 2015; 3(1):04-11.

### **Dennis Gabiatti Lopes**

- Family, bio-ecological development and mental illness. REFACS. 2015; 3(1):17-27.

### **Divanice Contim**

- People living with wounds: a theoretical reflection. REFACS. 2015; 3(2):88-94.

### **Eduardo Souza Gotti**

- Family, bio-ecological development and mental illness. REFACS. 2015; 3(1):17-27.

### **Elvira Maria Ventura Filipe**

- Sexuality and contraception between teenagers of elementary school. REFACS. 2015; 3(3):216-220.

**Emiliane Silva Santiago**

- Adhesion of treatment in people with arterial hypertension. REFACS. 2015; 3(3):189-193.

**Fabiana Drumond Marinho**

- Leprosy in children under 15 years old: a literature review. REFACS. 2015; 3(2):95-105.

**Fabio Scorsolini-Comin**

- Family, bio-ecological development and mental illness. REFACS. 2015; 3(1):17-27.

**Fernanda Godoi de Paula**

- Profile of patients pediatrics sampled at the multiprofessional residency in an university hospital. REFACS. 2015; 3(3):221-227.

**Francielle Toniolo Nicodemos Furtado de Mendonça**

- Professional update for practice of health education with groups of elderly. REFACS. 2015; 3(2): 113-121.

**Geanne Maria Costa Torres**

- Adhesion of treatment in people with arterial hypertension. REFACS. 2015; 3(3):189-193.

**Géssica Cristina Conor**

- Profile of professional practice and scientific production of occupational therapy on the assistive technology in Brazil. REFACS. 2015; 3(2):106-112.

**Gilma Corrêa Coutinho**

- Leprosy in children under 15 years old: a literature review. REFACS. 2015; 3(2):95-105.

**Helena Hemiko Iwamoto**

- Use of dental prosthesis among elderly: a social problem. REFACS. 2015; 3(1):04-11.

**Heloisa Gagheggi Ravanini Gardon Gagliardo**

- Comparative study of visuo motor and gross motor performance of preterm twins at school age. REFACS. 2015; 3(Supplement 1):126-133.

**Ivia Maksud**

- Perceptions about occupational therapy in the care of the patient with leprosy. REFACS. 2015; 3(Supplement 1):135-141.

**Jair Lício Ferreira Santos**

- Comparative study of visuo motor and gross motor performance of preterm twins at school age. REFACS. 2015; 3(Supplement 1):126-133.
